CHA CHA[™] Floating Crawler Rigs

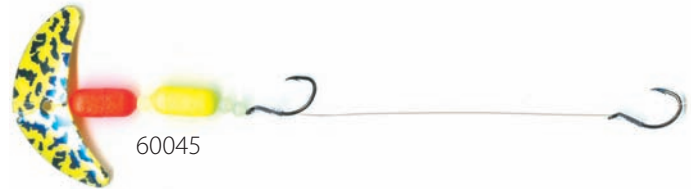

2-Hook Harness

Cha Cha[™] Crawler Series

This floating worm harness will be a winner for you as it has been for many on the professional circuits and tournament trails. Just ask \$25,000 winner Ken Seffron. The Smile Blade[®] turns at speeds less than 1/4 mph while shaking and wiggling your suspended bait directly in the strike zone. The Smile Blade[®] definitely outperforms metal blades at slow trolling, but don't underestimate its effectiveness at faster speeds. As your trolling speed increases, the Smile Blade[®] generates a high energy action that attracts walleye, trout and other species like no other bait.

SMILE BLADE 1.9	PILL FLOAT #1	PILL FLOAT #2	I.D. #
Silver Mirror	Black	Silver	60040
