Original Pip's Box™ - Leader Dispenser

Original Pip's Box™

"When it comes to success on the water, gear organization plays a major role. The more prepared and easily accessible gear is, hooks included, the more time can be spent fishing."

"These clear lidded, colored containers allow you to carry an assortment of leader weights, hook sizes and yarn colors. The Pip's Boxes allow for quick turnaround time whether you're replacing lost gear or changing leaders," states Scott Haugen, Oregon, outdoor writer, TV personality.

Assorted	90700	Box of 6

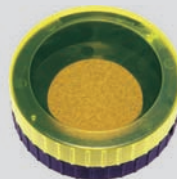

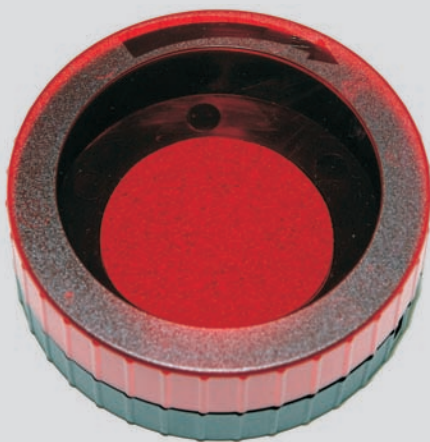

Pip's Leader Caddy™

Pip's Leader Caddy™ - Great for drop shot rigs

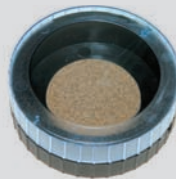

Mack's Lure® introduces a magnum version of the Pip's Box. Now anglers can store heftier hooks with longer leaders as well as drop shot rigs, double-hook riggings and leaders tied with drift bobbers. The round container fits inside a pant or vest pocket and features an anti-reverse gear that prevents tangles, allowing easier access to more leaders. The new Pip's Leader Caddy™ comes in six different color-coded polycarbonate lids allowing for storage and quick removal of a wide range of hooks and leaders.
